FOUNDER'S MESSAGE

Warm Greetings !!!!!!!

I offer humble gratitude for spending precious time to read the article.

All through my journey since founding the Zulekha Group, I have earnestly tried to empower women by giving opportunities in as many roles within the group organization and secretly nurtured a wish to support underprivileged through education.

Subsequently with this belief, I started ZED Vocational Training and General Central Shikshan Sanstha (ZVTGCSS) in Shantinagar, East Nagpur in 2008. Zed is a Minority Institution recognized TRUST imparting educational courses in streams of Education, Commerce & Technology. My mission through ZED is to provide quality education, all-round development, state-of-art infrastructure, financial assistance to the needy and groom students to industry acceptable standards at nominal cost, especially for girls and women. Hence, it gives me great pride to watch this organization's growth in its endeavor towards excelling in our vision and mission. I feel extremely pleased and satisfied with the path-breaking initiatives that we have taken up at the Trust to achieve our goals and objectives, though we are still young in our journey and lots need to be done.

There are plans to add more educational streams in near future, with focus, to make students passing out of the college relevant to the industry needs and demands. While I had the good fortune to lead this institute, the success achieved has undoubtedly been the result of consolidated efforts put in by the entire staff of Zulekha Group of Colleges

The sincere efforts of the staff has started giving results with most of the students from the first batch & subsequent batches (Commerce, Science and Technology streams) passing out and getting placed in leading organizations, including eight placement in Dubai – a big achievement for considering these streams are in the tenth year of operation. I have noticed genuine efforts being taken for placements in Education stream too and some students have been placed in local schools and colleges.

I firmly believe that efforts always give results. Dedicated and focused efforts of our highly experienced, approved and talented teaching staff has resulted in college's superior performance in University exams. The passing percentage in the university exams has shown marked improvements on a year-to-year basis.

Along with words of encouragement, I also feel responsible to caution you about the world beyond the protective cluster of our college. While facing life's challenging journey, I must share a secret with you—those who are willing to work hard with sincerity, dedication and commitment, will sail through. I am reminded of "Alexander Pope's" inspiring words "An honest person is the noblest work of the God". What ultimately matters is your hard work. !!!!!!!

Dr. Zulekha Daud.

ACTIVE PLACEMENT CELL WITH FOCUS ON OVERSEAS PLACEMENTS

Zulekha Group of Colleges, believe in combining Ability, Attitude, Knowledge the three facets that together spell success. Today's dynamic corporate scenarios seek recruits who have these skills in balanced measure. Prime responsibility of the placement cell is to be in regular touch with prospective employers, understand current industry needs and bridge the gap between student skills and industry requirements and expectations.

Placement cell leverages the strong base of the Zulekha Healthcare Group in Gulf to actively place the students outside India, in addition to the placement in India. The cell has been successful in placing 3 students from the year 2011-12, 2 students from 2012-13, 2 students from 2013-14 & 2 students from 2016-17 final year batch in Dubai and Sharjah UAE. The employers of these students are very satisfied with their performance and are looking forward to absorb more students graduating from the college.

Placement cell trains the students well before hand with Resume – making skills, Covering – letter technique, Group- discussion, Aptitude test and Mock – interview sessions.

The uniqueness is that, placements is an ongoing process as we continue to provide job opportunities to our students even after they graduate.
